Rego Park, NY 11374

DATE: **TUESDAY, JANUARY 17, 2023**
TO

FRIDAY, FEBRUARY 17, 2023

COATS/JACKETS

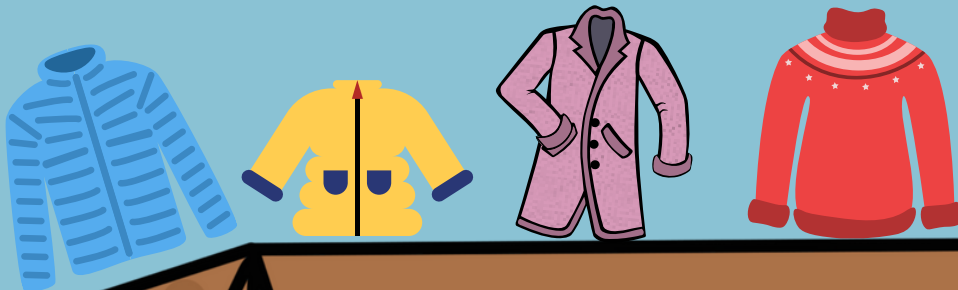

WINTER

Coat Drive

Please help us collect coats for the salvation army. These coats will help many needy people during the harsh winter

In the USA, 11% of all citizens are living in poverty and struggle to afford basic necessities including coats. The dangers of not owning a coat are numerous, especially in a city such as NYC and many others in the nation. Not owning a coat can lead to infections such as pneumonia as well as other health related issues including frostbite, hypothermia and trench foot.

Understanding the Importance of owning a coat/jacket in NYC, Me (Dilan Harrop-Williams) and my Partner Ronald Vijay had started a coat drive in our Middle School JHS 157 Halsey, the drive had raised over 100 coats for the salvation army. After the Covid 19 Pandemic with millions losing their jobs, even more Americans could be left without cold , friendly clothing. With this winter coming up, we would like to start another coat drive in Halsey as it's more important now than ever before due to the nation's economic position. Please help the unfortunate by donating a coat or jacket in the box in front of the auditorium
